ADDENDUM TO RESUME

ASSEMBLY LANGUAGE CODING EXPERTISE

DePaul University – Chicago, IL

- As an adjunct faculty member I taught Assembly Language Programming for two quarters.

Caliber Data Training – Chicago, IL

- As a technical trainer, in addition to many COBOL Y2K bootcamps, I taught two Assembly Language Coding bootcamps. Also taught JCL, VSAM, DB2, CICS, and SyncSort.
- One of our clients was Trans Union, and I was asked to do some custom Assembly Language Coding for them.

Waubensee Community College – Sugar Grove, IL

- As an assistant professor of Information Systems, I taught Assembly Language Programming for six semesters.

Sears Merchandise Group – Chicago, IL

- I worked at Sears as an Assembly Language programmer from 1986 to 1989. Also used JCL, VSAM, CICS, and SyncSort.

May & Speh – Oakbrook, IL

- I worked at May & Speh as an Assembly Language programmer from 1979 to 1986. All programs were transaction-oriented batch programs, including editing, table processing, merge-purge, and reporting. Also used JCL and SyncSort.

Textbook

- I am the author of Mainframe Assembler Programming, published in 1998 by Wiley Computer Publishing. ISBN 0-471-24993-9.
